Junior High first team and High School second team played a good game of football December 4. It was a very good game, the score being 12 to 6. We have quite a number of good players on our team. Melvin Sexton made the touchdown on our side. He ran around the left end. The other team had already scored on us but we were determined to score on them, so we did. We played ten minutes longer than the regular time, thinking we might get another score.
